Gold is naturally associated with valuables and nobility. Transferring this association to the product, bronze pastes nobly enhance printed objects. This appearance confirms the saying that Screen Printing is referred to as „Effect Printing“; the number of possible effects being unrivalled.

S 192, S 193 – Your Benefits:

- **Excellent optical appearance**
→ Brilliant Gloss!
- **Very good opacity**
- **High rub resistance**
- **Very good price performance ratio**
→ Based on the most modern raw materials
